Summary

Junior data and business intelligence professional with hands-on experience in SQL, Python, Excel, Tableau, and Power BI. Skilled in gathering, cleaning, analyzing data, building dashboards, and automating workflows to support data-driven decisions. Google-certified in Data Analytics & Business Intelligence. Background in process discipline delivers high quality results. Background in CNC manufacturing that sharpened precision, process discipline, and continuous improvement mindset, now applied to data quality, reporting, and dashboard development. Currently pursuing a bachelor's degree in data science at Georgia State University.

Core Skills

Technical: SQL · Python · R · Excel · Tableau · Power BI · Data Mining · Data Visualization · Statistical Analysis

Data & BI: Requirements Gathering · Data Cleaning · Data Validation · Dashboards · KPI Reporting · Business Process Modeling · Process Optimization · Data-Driven Decision Making

Professional: Communication · Problem-Solving · Critical Thinking · Collaboration · Stakeholder Management · Presentation Skills

Work Experience

Junior Data Analyst · InVision – New York, NY (Remote) 08/2023 – 09/2025

- Delivered clean, analysis-ready datasets using SQL, Python, and Excel, improving reporting accuracy and speed.
- Automated recurring data prep tasks to reduce manual workload and accelerate data collection.
- Supported dashboard development and maintenance to improve stakeholder visibility into performance.
- Collaborated with cross-functional teams to clarify data needs and validate outputs.

CNC Programmer · CNC Data – Norcross, GA 06/2021 – 07/2022

- Performed precise data entry and verification to maintain accurate production records.
- Organized and validated input data to improve reliability of internal systems.
- Digitized and stored documents to strengthen traceability for audits and analysis.

CNC Machine Operator · Electro Optics Manufacturing – Alpharetta, GA 12/2019 – 04/2021

- Operated CNC machinery within strict tolerances to ensure product quality.
- Conducted daily equipment checks and routine cleaning to reduce downtime.
- Documented issues and supported process improvements.

CNC Programmer · RotoMetrics – Alpharetta, GA 01/2018 – 10/2019

- Resolved CNC program errors to maximize machine uptime and maintain production schedules.
- Optimized toolpaths to reduce cycle times while meeting quality standards.
- Provided setup guidance to operators for safe and accurate program execution.

Education

Georgia State University – Bachelor of Science in Data Science (In Progress) Expected Graduation: 2027

Miami Dade College – Associate Degree in Business Administration 10/2006 – 06/2008

Certificates

Google Data Analytics Professional Certificate · Coursera 2023 - 2024

Google Business Intelligence Professional Certificate · Coursera 2023 - 2024

Google AI Essentials Certificate · Coursera 2023 - 2024
